That's where Life Insurance comes in. If you're a working woman, a wife or a Soccer Mom -- planning for the future now is crucial. Why? Because it means you're taking steps to protect your assets, your children and your future. We're Independent Agents, not pushy sales people. We'll help you find the insurance plan that fits your life plan. E-mail us today at askdanny@menshinsurance.com or find out more by visiting our web site: www.menshinsurance.com.
